me: yo brah
me: got us a $200,000 advance from Amazon, brah
me: mum's the word, brah
me: Imma come down to Austin and party it down, brah
Caleb: Holy shit.
Caleb: I'm not even gonna say anything like, "Really, dude? Really? That's a lot of money, dude. That's pretty cool that you've got that much money now."
Caleb: Because, frankly, that's a lot of money.
me: it is
me: I only get half of it, but there will be more from foreign rights, etc, plus we have offers on film option and I had that meeting with Regan on the other book
me: so I've got some bones coming
Caleb: When are you coming to Austin, friend?
me: after the 8th
Caleb: Oh my.
Caleb: It's been so long since I've enjoyed your pleasant social company.
me: indoubitably
Caleb: Why don't you come on down a little earlier?
Caleb: Say, as soon as they cut you a check?
me: HA HA
Caleb: Skag's on you, bro.
